# THE BLAIRMORE ENTERPRISE

VOL. XI, NO. 34

BLAIRMORE, ALBERTA, THURSDAY, SEPTEMBER 30, 1920

\$2.00 YEARLY

## Labor

In the Savings Department, of all our 400 branches the workman will find convenience and safety for his savings. The ambitious wage-earner who lives by budget—and not by chance—can thus make adequate provision for old age by depositing a fixed sum regularly. Financial independence may be gained by steady accumulation of small amounts.

Resources of \$174,000,000

### UNION BANK OF CANADA

J. B. Wilson      Manager  
Hillcrest, Sub to Bellevue

## The F. M. Thompson Co.

### The Quality Store

Groceries, Provisions, Dry Goods, Crockery, Boots and Shoes, Fruits and Vegetables

EVERYTHING TO EAT AND WEAR

## HIGH CLASS

In every respect is the claim we make for our goods. The following brands prove this: Stanfield's Underwear for Men, Watson's Underwear for Women and Children, Men's W. G. & R. Fine Shirts and Collars, Men's Style Craft Suits, Men's Royal Brand Dress Shoes, Carhartt and Headlight Overalls and Combination Suits. You have only to see our display to know that our claim is justified. But we are not so high on prices as we are on quality. You'll know that also when you learn them.

## "The Proof of The Pudding is in The Eating Thereof."

Likewise, the proof of the TEA is in the drinking. The safe Deek-Jollie Tea is increasing daily. Why? Because it is the best value for the money—per lb \$1.00—but goes twice as far.

## Grocery Prices Worth considering

Gold Seal Tea, per pound 65c.  
Pure Marmalade per tin \$1.00.  
Pure Strawberry, Raspberry and Black Currant Jam, \$1.00.  
Edwardsburg Syrup, 5-lb tin 80c.

We are agents for the celebrated Pathé Phonographs and Records.

Don't forget our Discount of 5 per cent for cash and prompt payment.

## The F. M. Thompson Co.

The Store That Saves You Many Hard-Earned Dollars

Phone 25      Blairmore

## Take a KODAK With You

Your speedometer tells you how far you went—a Kodak tells you where you went and what you saw. The pleasure of the trip can never fade with clean-cut Kodak pictures to refresh a lagging memory.

Better take along a generous supply of film. We have a complete assortment, auto-graphic and auto-camera, and it is all kept under proper conditions.

Kodaks from \$11.25 up.

G. N. ELWIN, Phm. B.  
Druggist, Graduate Optician Etc.

Blairmore,      Alberta

A blimping asked the other day if it was necessary to ask the attorney-general's permission to move from one location to another.

This last of the three events for the Charbonnier golf prizes will be played off next week, when the full list of winners will be given.

## Coleman Local Talent

### At Blairmore Opera House Next Thursday Night

The Coleman Dramatic Club, under the auspices of the Women's Institute and assisted by Miss Sarah Gibney and William Springer will visit Blairmore next Thursday night and present at the opera house the three-act side splitting farce comedy "Very Good, Eddie". The cast will include: Jack Graham, Miss Ella Disney, Miss Sarah Gibney, C. H. Grimes, Miss Gladys Richards, Miss Dorothy Graham, H. Y. Brock, Miss Lizzie Johnson, P. Mulligan, W. P. Springer, Jack Smith, and Charlie Scott.

Vaudeville and music will be furnished between the acts and the evening's entertainment will be followed by a dance.

Mr. Springer, who is staging the play, promises Blairmore an excellent evening's entertainment, and asks the people of Blairmore to patronize Coleman's offering, as Blairmore expects to visit Coleman very shortly with a play and will expect the same patronage.

## Anglican Church

Harvest Thanksgiving Service on Sunday, October 3rd, at 7:30 p.m. A cordial welcome is extended to all.

There's gone terrible bad people in Calgary. One fellow pointed an empty gun at a loaded man, ordered him hands up and took all he had—just one good drink.

J. W. Gresham & I. Comfort

Senator Michener and family are leaving Red Deer to reside at Fresno, California. Owing to his parliamentary duties at Ottawa taking up so much of the year, he has decided that after one or two winters in California, his family would spend the winters at Ottawa and the summer at Red Deer and Sylvan Lake.

Although McWhinney hasn't eaten a bite for over forty-six days, the price of board hasn't dropped a particle.

The criminal court sessions will open in Macleod on October the 12th, with Mr. Justice, McCarthy presiding. The first case on the list is that of the charge of holding up a train and of murder preferred against the notorious Tom Russell.

Eight ladies of the Fernie Golf Club will arrive at 11 a. m. Saturday to play on the Blairmore links. It has been arranged to play one round of singles and one round of two-ball foursomes.

## Explosion Creates Havoc in New York's Financial District

New York.—A mysterious explosion in Wall street, near Broad, believed by trained United States Department of Justice and Police investigators to have been caused by an internal machine, rocked the heart of New York's financial district, causing death and destruction in its wake. At least 31 persons were killed, more than 200 were injured, the banking house of J. P. Morgan and Company, the sub-treasury and the assay office were partially wrecked and severely damaged in excess of \$7,000,000.

Two minutes after the explosion the stock and curb exchange had closed. Panic and confusion reigned in the heart of New York's financial district. Thousands of clerks and nightworkers, many of them girls, fled in terror from adjoining structures. Scores fainted, fell and were trampled on in the rush.

The few police on duty in the district were unable to cope with the crowds who came in thousands and a hurry call for police reserves was sent to all downtown police stations.

Sub-treasury officials, fearing that an attempt might be made to rob the building, all the windows of which were broken, requested assistance of the militia authorities at Governor's Island and a company of soldiers were sent to guard the structure.

Hurry calls were also sent to all hospitals in the downtown section of New York and scores of ambulances were seen speeding through the narrow streets. Dressing stations were established in the lobbies of buildings nearby where the less seriously injured were given immediate treatment.

Evidence tending to confirm the theory that the explosion was caused by a bomb, or some other internal machine came from several sources.

Chief Inspector Lapey reported that he had found conclusive evidence of the contents of the bomb, by finding a huge piece of iron and other evidences of T.N.T. scattered from the bomb, the iron evidently coming from window weight bars.

Warnings that radicals contemplated renewals of the bomb outrages were received over a month ago by eastern clients of the William J. Burns detective agency, according to a statement by Mr. Burns, who said he was convinced that the explosion was a pre-meditated attack and was not accidental.

Fire Chief Kenyon and officers from the bureau of combustibles also expressed the belief that the explosion was caused by a bomb, after examining fragments of metal found in the street in front of the Morgan offices.

Five members of the Morgan firm were in the building at the time of the explosion. Thomas Aiken, Thos. W. Morrow, Elliott C. Bacon and George Whitney were in conference on the second floor of the Broad street side of the Morgan building. They were shaken up by the force of the explosion but all escaped without injury.

## Big Increase in Canadian Trade

Trade for Five Months. Reached Total of \$1,063,353,170.

Ottawa.—Although the grand total of Canadian trade for the five months of the fiscal year which ended on August 31 shows an increase of \$202,329,835, as compared with the same period in 1919, the value of Canadian merchandise exported declined by more than \$20,000,000. The grand total of Canadian trade for the five months' period of the present year was \$1,063,353,170, while in 1919 it was \$861,023,335.

The total value of Canadian exports during the five months this year was \$54,990,487, and during the same five months in 1919 it amounted to \$47,448,689, being a decrease for this year of \$20,038,202.

While exports are below those of last year, the figures issued from the customs department show a great increase in the value of goods imported into Canada, as compared with a year ago. During the five months ending with August 31, this year, the total value of goods imported into Canada was \$597,860,603, while last year, for the same period it only amounted to \$566,354,926. This is an increase of \$231,635,205 this year. Duty collected on imports this year has already reached the figure of \$90,351,955, as against \$67,046,594 a year ago, an increase of \$23,305,371.

## Less Cattle in Britain

Opportunity For Development of Canada's Export Meat Trade.

Ottawa.—A serious decline in the number of cattle in Great Britain is indicated in a report received by the Department of Trade and Commerce from Harrison Watson, Canadian trade commissioner in London.

At the present time British herds number 5,597,000 animals, a decline of over ten per cent, as compared with the same period in 1919 and the smallest number recorded since 1903. The figures on sheep also show a decline of over eleven per cent as compared with last year.

This information emphasizes Canada's opportunity for the development of the export meat trade, which was pointed out in a statement issued by H. S. Arkell, Dominion livestock commissioner.

## Opinion of U.F.A. President

Says Economical Marketing of Wheat is Likely to Result in Increased Prices.

Calgary.—"If the wheat board had been continued for another year, the whole of the increased burden of freight rates on wheat from the western provinces to Port William would have been more than offset by the saving which has been effected by the economical marketing of the wheat crop."

Such was the opinion expressed by H. W. Woods, president of the U.F.A. President Woods' estimate is based on the report of the Bureau of Statistics at Ottawa, that the wheat crop of 258,000,000 bushels in the three prairie provinces. The average increase in the freight rates would have been offset in this manner, he stated.

## Oil in Saskatchewan

Will Start Drilling on Canadian Side of Montana Border.

Regina, Sask.—An oil boom has struck Saskatchewan near Swift Current. Drilling operations are expected to start shortly on the Canadian side of the Montana border, south of Ponteix, Sask. There is wild excitement in portions of Montana and farms are being leased daily for oil testing purposes.

As the oil strata runs up to the Canadian boundary a move is being made by American promoters to lease some of the Saskatchewan ranch land to sink test holes.

## Farmers and Tariff Commission

Grain Growers May Arrange for Expression of Views by Individual Farmers.

Regina.—While Norman P. Lambert, as secretary of the Canadian Council of Agriculture, presented the combined views of the various provincial farmers' organizations before the Tariff Commission in Winnipeg, it is altogether likely that each of these organizations will supplement these opinions at subsequent local sittings of the Tariff Commission.

This matter is under consideration by J. B. Musselman, secretary of the Saskatchewan Grain Growers' Association. Mr. Musselman is preparing a draft statement for submission to the executive for approval at its meeting with the intention of reading it to the commission here on October 11 and 12, providing it is sanctioned by the executive.

It is likely that the association will endeavor to arrange for expressions of opinion by individual farmers, supplying the opinions presented by Mr. Lambert and giving concrete illustrations of the effect of the present tariff on agriculture in the west. There is also some probability that some of the prominent retailers in the province will be invited to give evidence before the convention.

With reference to the retailers as a body it is understood that their views will be submitted to the commission at Ottawa by their Dominion organization when the commission returns east.

## Visit Western Canada.

Toronto.—A party of delegates to the Congress of Chambers of Commerce of the British Empire will visit the western provinces and Pacific coast about the middle of October.

## WOULD PREVENT FREIGHT CARS CROSSING BORDER

RAILWAYS PREPARING FOR HEAVY CROP MOVEMENT.

Must Keep Rolling Stock at Home to Guard Against Grain Blockade.

Ottawa.—In view of the particularly heavy crop movement from the western province during the next few months, extra precautions are being taken by the management of the Government and other systems of railways to keep Canadian freight cars on this side of the border.

At the present time there is a car shortage in the United States of 60,000 cars and when a Canadian car is permitted to cross the line, it is practically impossible to have it returned. The daily charge for retained cars from Canada was some time ago increased, but this has made no difference, the American railways being quite willing to pay the extra charge for the use of the cars. The necessity of keeping Canadian rolling stock at home if a grain blockade is to be prevented when the eastward wheat movement is at its height, is recognized and even at the best there is likely to be considerable congestion if it is thought.

## Must Pay Debts

Due to Germany

Government Will Collect Sums for Transmission to German Destination.

Montreal.—All debts payable by Canadian firms to German and other enemy firms at the time of the war which were unpaid, or payable from that cause are to be collected through the Canadian Government, according to a new ruling by the Government, and to be paid at full value of the German mark, irrespective of its present value. All amounts of over \$100 are being collected through the department of the secretary of state and are being turned over to the British Government to be transmitted to their German destination. It was stated at the offices of the Canadian Manufacturers' Association that several firms have such debts owing, in some cases running into large amounts of money.

## Railway Board Sitings

Dates Set for Western Tour of the Board are Announced

Ottawa.—The Board of Railway Commissioners will hold their first sitting of its western tour in the City Hall at Winnipeg on the morning of Wednesday, September 29. The following morning it will sit at Saskatoon. The remainder of the itinerary is as follows: Edmonton, October 1; Prince George, B.C., October 4; Prince Rupert, B.C., October 6; Victoria, B.C., October 11; Vancouver, October 12; Vernon, October 14; Nelson, October 18; Calgary, Alta., October 20; Medicine Hat, October 22; Regina, Sask., October 23; Winnipeg, October 25; Fort William, Ont., October 27.

The application of the express companies for increased rates is to be taken up, at different points, as well as other cases which are set down for hearing.

## French General Weds.

Paris.—Marshal Henri Philippe Petain, commander-in-chief of the French armies in France during the later years of the great war, and the French general whose work at Verdun made him a national figure, was married to Madame Hardon at the City Hall of the Seventh Ward of Paris, says the Petite Parisienne.

John McCormack Leaves Australia.

London.—A dispatch to the Exchange Telegraph from Melbourne says John McCormack, the singer, has cancelled all his Australian engagements and is leaving immediately for London in order to escape the disagreeable sentiments that he has been accorded in his Australian tour since he expressed himself on the Irish question.

## Would Exclude Japanese

Washington.—Exclusion of all Japanese immigrants was urged in a resolution adopted unanimously by the veterans of foreign wars, holding their annual encampment here. Amendments of the immigration laws was under discussion at the time.

## SOVIETS ARE NOW CAUSING TROUBLE IN ITALY

TO GIVE LABOR MOVEMENT POLITICAL CHARACTER.

Metal Workers are Getting Support From Soviet Russia to Enlarge Powers.

Rome.—The metal workers' movement was early taken advantage of by the supporters of Soviet Russia in Italy as the basis of a political movement to force Italian recognition of the Moscow Government, according to a document published by the Tribuna. The document, of which the Tribuna says it guarantees the authenticity, provides for permanent soviet conditions and is addressed to the Legion of Red-Guards at Torre Annunziata, near Naples, asking the Legion to communicate with the greatest organization ever known.

"Taking the favorable opportunity afforded by the vast movement of the metal workers," the document added, "it has been decided to enlarge the movement, giving it a political character."

The document bore the signature, "Vella."

Milan.—The confederation of labor announces that it has no intention of waiting on the will of the masters.

The only solution possible is acceptance of the men's proposal for collaboration in the management of the various industries, and if the employees do not soon decide in this sense, it is declared that enormous strikes will be adopted to intensify the agitation.

## Gen. Wrangel Forces Soviets to Beat Retreat

Soviets Report Heavy Engagements With Poles in Kovel Area.

Paris.—New successes for the army of Gen. Wrangel, anti-Bolshevik leader in Southern Rumania, are announced in dispatches. On the Don River, Gen. Nazarov has cut the railway line from Voronezh to Tzaritzin. The 34th Division Bolsheviki are reported to have retreated from their positions.

London.—Heavy engagements with the Poles in the region to the east of Brest-Litovsk and in the Kovel area in Volhynia are reported by the Russian Soviet staff in an official statement from Moscow.

## Alberta's Big Crop

Bumper Yield of 1915 May Be Increased Four-Fold in Value.

Calgary.—The Herald says today: Alberta's wheat crop in 1915 was sixty million bushels, valued at \$30,000,000. In 1919, it yielded 34,575,000 valued at \$63,349,000. The largest federal official estimate of this year's crop is \$2,972,000 which, taken at \$2.60 a bushel, will bring Alberta farmers the huge sum of \$215,722,000. This means in other words that the bumper yield of 1915 will this year be increased over fourfold in monetary value, assuming that approximately the present price of wheat holds.

## Curlers to Sail on Dec. 30.

Montreal.—The Canadian branch of the Royal Caledonian Curling Club of Scotland announces that the team of 32, representing Canada, will leave for England on December 30 to take part in a series of matches with Scottish teams.

## Saskatchewan Needs Nurses.

Regina, Sask.—There is a scarcity of nurses and material for making nurses, not only in Regina but all through the province of Saskatchewan, according to officials of the Regina General Hospital.

Want Serbia to Withdraw Troops.

Washington.—President Wilson and Premiers Lloyd George and Millerand have been asked by the Albanian government to take steps to compel Serbia to withdraw its troops from Albanian territory.

## Reorganize Anzac Navy.

London.—Messages from Sydney say that the Australian navy reorganization is proceeding. Several ships will be scrapped and it is proposed to abandon the naval college, though this is strenuously opposed.

W. N. U. 1344

## U. S. Committee Will Attempt to Probe Irish Atrocities

### More From Income Taxes

Anticipate Increase From Higher Rates and Improved Methods of Collection.

Winnipeg.—A special despatch to the Free Press from its Ottawa correspondent reads: A \$15,000,000 increase in the receipts of the federal income tax is estimated for the current fiscal year which ends on March 31 next. Last year's total revenue from this source approximated \$20,000,000. This year it will approximate \$35,000,000.

To the higher rates, a wider incidence and improved methods of collection are attributed the increase. Under the former act prosecutions were both difficult and costly. Under the act as amended last session, they have been much facilitated. A large number of prosecutions have been quietly instituted during the summer, and the effect has been to bring speedily and promptly report to warning letters addressed to others. As a consequence receipts have much improved.

A staff of 30 auditors is being appointed this week to check up on the sales taxes throughout the country.

### Shortage of Fruit in Saskatchewan.

Regina, Sask.—With fruit more plentiful than ever, both in eastern and western Canada, a shortage is felt in Saskatchewan. All varieties of preserving fruit are hard to get say the wholesalers, and the prices are high. Bananas, for instance, are selling at two pounds for 35 cents.

New York.—Oswald Garrison Villard announced that one hundred representative Americans had accepted the invitation of his magazine, The Nation, to constitute a non-partisan commission to sift charges of atrocities in Ireland made against one another by the British government and Sinn Fein.

The announcement says the "Committee of One Hundred on Ireland," as it will be known, feels that some neutral action is necessary to preserve Anglo-Saxon friendship and to prevent the spread of ill-will with the possibility of such irritation driving the United States and Great Britain into war.

Referring to Anglo-American relations, the invitation says that one grave result of the present situation is the rapid growth of anti-British feeling which seriously threatens the unspeakable calamity of war between the United States and Great Britain and endangers the peace of the world.

The program of the committee is not fully developed, but its sponsors suggest that the British government, Sinn Fein, and others be asked to present such evidence of violence or wrong-doing as they possess. The committee, it is said, will designate from its own members, or outside, a small commission to hear testimony and make "a thorough and impartial report."

The committee plans to begin sessions in Washington early in October.

### Government Resigns.

Prague, Czechoslovakia.—The Czechoslovak Government has resigned.

### U.F.A. Plan Big Fall Drive

The Central Political Committee of the U. F. A. have now made definite plans for organizing a membership drive to cover the whole province. The first step in November, Manitoba and Saskatchewan have completed arrangements for a similar drive for exactly the same time. Therefore, this drive will extend throughout the three prairie provinces during the first week of November.

The object throughout the drive in each province will be the same—to collect the sum of six dollars from every farmer in the province, and to make every farmer and farm woman, farmer's son and farmer's daughter, a member of the U. F. A. and U. F. W. A. and political members in good standing, and to place the official organ in every home. The plan is one dollar out of each six will go into a central organization fund, out of which all expenses for the drive will be paid. This drive is to be self-supporting. It is to be paid for entirely out of the proceeds of the drive, but it is planned that the local District Political Association, and Central will each receive one dollar out from the membership subscription.

This is a critical moment in the history of the organization. Last year the decision to take prompt action and the large district conventions in every constituency aroused great enthusiasm. Ten thousand new members were added to the organization. This enthusiasm naturally has not remained at boiling point, since there is no election immediately in sight. It is imperative, however, that we not only keep our organization at full strength, but that we bend every energy to make the U. F. A. One Hundred Per Cent strong in every district. All the forces of reaction and special privileges are arrayed against us, with determination and with resources greater than ever before, to smash the farmers' movement. The Premier of Canada, Hon. Arthur Meighen, has publicly denounced Hon. T. A. Crenan and H. W. Wood as leaders of the "wreckers" of Canada. That cry and the old "loyalty cry" and every other political subterfuge will be used against us. Some people will believe what they are told. It is imperative that every farmer and farm woman be got into the organization where they can learn at first hand what the organization stands for. Only then will they be proof against the treacherous influences which will be brought to bear.

This is the biggest co-operative effort to enlist every farmer and farm woman in the farmers' movement that has ever been attempted. It should yield BIG returns. A similar drive put on in Manitoba for ten days last March, yielded \$49,507.85; while the Liberty Drive in Saskatchewan, put on in October 1919 and planned for one day only, yielded \$82,450.00. There is no question that \$495,178 can be obtained in every constituency and every district. With our organizations as they are in Alberta this year, and with the efficient machinery of our district organizations, the prospects for such a drive are splendid. It ought to be easily possible to reach the objective of fifty thousand members for the U. F. A. for 1920. The Committee want also to enlist every member of the U. F. A. and U. F. W. A. as an active member of the political association. They believe it can be done.

### Mining Night and Correspondence Classes are Successful

The Provincial Institute of Technology and Arts, Calgary, is offering to farmers, miners and workers in industry useful courses of instruction in subjects of value to them. It is proposed to open the Institute for Day and Night class work on Monday, November 8th, and it is hoped that students who intend to take one or more courses will enroll at least 10 days before the opening.

Special attention is called to the mining work of the Institute which has proved of such great assistance to the miners throughout the province. In the larger mining centres classes are held under the management of Local School Boards in cooperation with the Institute. These classes together with the correspondence classes of the Institute enable all ambitious miners to qualify for the certificates required by the Department of Mines of all officials in charge of mining operations. The work of the Correspondence branch during the past year was very successful as shown by the results of the examinations.

The only students successful for the First Class Certificates were those enrolled in the Correspondence Course while

in the Second and Third classes the percentage of successful students was very high. These results should prove of interest to miners wanting assistance in the technical aspects of their work and the Institute is looking forward to a considerable enrollment for the classes in Correspondence which start on Oct. 1st.

### Lists of Unoccupied Lands For Sale

Among the natural resources of Canada agricultural land is by far the most important, the value of field crops alone being four times as great in 1919 as that of all other raw products of mines, fisheries and forests combined.

Canada has a total area of 2,366,902,400 acres, but obviously much of this is not suitable for cultivation. Without taking into consideration forest or swamp land, much of which will ultimately be tilled, nor of unexplored northern areas, there remain at least 300,000,000 acres available for agricultural development.

Only about one sixth of these 300 million acres are under cultivation, and 250 million are still unoccupied. It is estimated that there are in Canada about 180 million acres of agricultural land in private ownership with a population of 4½ millions; in other words, not taking into account mining, lumbering, fishing, domestic duties and other activities, each Canadian man, woman and child living outside of a town may on the average be assumed to be farming 40 acres. In Northern Europe the rural population on the same basis, but with far less widespread occupation is attending to 4½ acres per head.

To utilize the agricultural land and thus under the basic factor of Canada's production is, then, all important, for it is on this that the development of the other natural resources depend. The day of the free homestead within easy reach of a railway is rapidly becoming a thing of the past, and means other than free grants must be looked to for rural development.

For the man who intends to farm there is as stated above a vast area in private ownership, a large proportion of which is at present unoccupied and available for sale at reasonable prices. The prospective purchaser who relies upon his own sources of information may, however, find it more or less difficult to obtain a knowledge of lands for sale suitable to his means and requirements. This difficulty is now to a large extent overcome by the publication by the Department of the Interior of lists of unoccupied lands for sale in the Prairie and Maritime Provinces.

These lists, as a rule, give a short description of the land, its location, the price at which it is offered for sale and the name and address of the owner. The great value of such information is that it places the intending purchaser directly in touch with those who, for one reason or another, have been unable to cultivate their holdings and who, therefore, are often willing to sell at inviting prices.

Lists covering the Province of Manitoba and the south eastern portion of Saskatchewan are now ready, while lists covering the balance of the Prairie Provinces are now being compiled and will be available for distribution before very long.

There is a series of twenty-three lists covering the Western provinces alone, applicants must specify the particular locality in which they are interested. These lists may be obtained free of charge on application to the Superintendent, Natural Resources Intelligence Branch, Department of the Interior, Ottawa.

### Coleman Women's Institute Will Bring Play to Blaimore

"Very Good, Eddie," a side-splitting comedy in four acts, is to be presented in Blaimore on Thursday, October 7th, under the auspices of the Coleman Women's Institute. The cast will contain the pick of the Coleman talent and will be assisted by Miss Sarah Gilbey and William Springer, who are staging the play for the Women's Institute. It is hoped Blaimore will support the Coleman attraction on their visit here, as the Blaimore play expects to visit Coleman also, and as we all know, "One Good Turn Deserves Another."

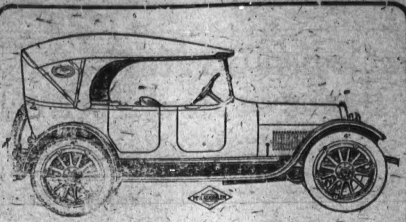

Coleman Chautauques starts on Wednesday of next week. See ad advertisement elsewhere in this issue.

### NOTICE

NOTICE is hereby given that the Blaimore School District No. 628 has claims for arrears of taxes against certain lands advertised by the Town of Blaimore to be sold on November the 9th under the Tax Recovery Act, and that purchasers will be held liable for such arrears.

Dated at Blaimore, Alberta, the 30th day of September 1920.

A. HAMILTON,  
Chairman,  
Blaimore School District 628

## -- BOTTLES --

**We Pay Highest Prices For Pints and Quarts**

Hold your bottles and we will call for them.

**E. PICK, "The Bottle King"**

The Alberta Hotel, Blairmore, Alberta

peas, beans, tomatoes, potatoes, corn and all other vegetables in season. Life term guaranteed (that is, if Sir Hugh John has his way).

George Ritson is on a business visit to Medicine Hat.

W. Moon spent the week end with his family at Natal, B. C.

Miss Agnes McEwen has returned convalescent from the Lethbridge hospital.

Miss Patterson, of Macleod, has accepted the position of teacher at the North Fork school.

Enumerators are busy recording the voters for the referendum on the liquor question on October 25th.

Mr. George Porter and family have returned to town, after spending the summer on the ranch at Mayeroff.

Mrs. R. W. Elton and Mrs. J. Kenzie have gone to Calgary. Mrs. Elton will remain there for the winter.

The general store business conducted by Fisher and Moon, has been sold to Swart Bros., of Lethbridge, who will continue the business at the present stand.

The polling on the municipal hospital question will take place in the village of Cowley on October 16, one poll at the schoolhouse for the local division of Municipal District 70, and one at the Masonic Hall for the voters of the village.

Lethbridge is to have a Carnegie library pretty soon. It will be a change for some of the Lethbridge city folks to get at reading matter worth while instead of the "guff" handed out for some time by Calgary editors regarding The Pass.

## RED PIMPLES ITCHED TERRIBLY

On Chest, Face, Arms, Burned  
Badly. Cuticura Heals.

"Ever since I can remember, my chest, face and arms were filled with dry, red pimples. They were scattered all over me, and itched terribly at times, and I scratched them, causing them to fester and get sore. Sometimes they would dry away and form scales which burned badly. Then I used Cuticura Soap and Ointment. I had used them two or three times when I felt better and I was healed with one box of Cuticura Ointment together with the Cuticura Soap." (Signed) Miss Martha Kana, Russell, Manitoba, February 19, 1919.

Use Cuticura Soap and Ointment for all itchy eruptions. Soap to cleanse, Ointment to heal.

## Love of The Wild

BY  
ARCHIE P. McKISHNIE  
Printed by Special Arrangements with Thea. Allen, Toronto, Ont.

(Continued.)  
"That's the story the sailor told me," he said gravely. "I've been thinking of that poor woman all day. Poor little thing—sick and dying among strangers. And that man—think of what he did, Smythe. Could you imagine any man being so inhuman?" Smythe sat huddled up on his chair. "How long ago did this happen?" he asked.

"It was nineteen years ago; maybe twenty. There's no doubt about the baby being dead long ago. Of course, the Indian would reason that it was less trouble to let the baby die than it was to keep it alive."

The Colonel looked his hands behind him and paced up and down the room. He paused before Smythe at last and looked down upon him with misty eyes.

"I guess I'm not very well," he said with a short laugh. "I wish, this thing happened twenty years ago; and maybe after all the sailor was lying." Mr. Smythe raised his head.

"Sailors have a habit of lying," he agreed.

The door opened and Sambo burst into the room.

"I put de hoss into de stable, Mas-sar Smith," he cried.

"Why, who had your horse, Smythe?" asked Halibut.

Smythe's watery eyes shifted from the big man to Sambo.

"I loaned her to—to Alexander Wilson this morning," he faltered.

"That's funny," returned the Colonel. "I met Wilson driving a span of oxen as I was coming here. Say, Sambo, feed my dogs, like a good fellow; I want to push on."

Half an hour after the hoi-fans of Halibut's horse had died away, Watson crept into the room. He was breathing heavily and his swarthy face was drawn and haggard.

Mr. Smythe wisely asked no questions.

The agent sank into a seat before the fire. He sat fuming, his pocket and from it finally drew out a leather wallet. He opened it and extracted from it a photograph. He held it out in a shaking hand and looked at Smythe.

"I've hung on to this," he faltered, "because you thought we ought to keep it—because you thought if the baby was alive we might know it from this likeness."

Smythe nodded, and Watson leaned forward and put the photograph in the red coils.

"You were right," he shivered. "I found it. I found it today, and I knew it by that likeness of my mother. Yes, I found the girl, Smythe."

Smythe glanced fearfully at the snoring Sambo in the corner.

"Where was she?" he asked in an awed whisper.

Watson did not reply. He picked up the poker and bent above the fire. The cardboard had been tossed in the coals, lay there charred and curled. As he gazed upon it, fascinated, a little baby face sprang out and kissed

it to glowing life so that from it a face flashed out, sweet, glad and triumphant. Then a breeze from the Wild swooped down the wide chimney and carried it away.

## CHAPTER XI.

### The Wild of the Wild.

Colonel Halibut rode the lone trail, his hands at his heels. A spent moon dragged across a spitting, crumpled sky, low down above the fringe of ravished forest. The wind had died, and the night was still, except for the calls of the forest things that voice their woes and joys at night. There were the low "who-whoos" of the owls, the "peru-peru" of the night-hawks and away far down toward the westward came, now and again, a fluted call dying in a wail that bespoke the lynx's unsuccessful stalking. Deeper down in the forest a stray timber-wolf called hopelessly to a wandering pack. Anon the call was answered faintly, but clearly, far away; then a new note came into the strayer's voice, and the yelp was shut, and the pack began to howl.

Colonel Halibut rode on, his head low and his rifle thrown across his saddle-pommel. He was not naturally a sickly person, but he was not a strong one either. He sat erect, with a jerk.

"Hate me, do they?" he mused. "I wonder why? And I wonder why I should care? I am growing old and fanciful, I guess. Thank God I have my dog—and a dog is a true friend."

The thin moon dropped down behind the heavy fringe and the night blackened as the trail narrowed.

"I don't know but I've made a mistake in making Watson and Smythe my agents, either of them, and—"

From far ahead there came again the cry of a wolf, and the undulating cry, but the long-drawn, unvarying note that bespoke the rejection of a mate. Halibut lifted his head and half-reined in his horse.

"Howl, you devil," he cried. Then he slipped the lead stick with the rein.

"If it were midwinter now," he soliloquized, shrugging his shoulders, "I wouldn't just feel safe in this route, boldly on."

Miles of the trail still lay before him—miles of lonely land. But the man was sure of the Wild; he had ridden the night trail many, many times. Still the life had taught him caution. He knew that in mid-winter, when the food was scarce, the timber-wolves fear fearless and were bad company. In winter he would not have thought of journeying on this trail alone. But it was barely autumn now, and he gave himself not the slightest thought of danger, but rode boldly on.

The Colonel was the big man of his particular day. The village of St. Thomas, miles onward, he practically ruled as at the greater portion of the partly cleared land surrounding it. St. Thomas was simply a drab-colored blot on the Wild, but the lake lay close to it and its natural resources promised to make of the half-cleared country about it a great land some day, not far future. Halibut owned a grand home, the country-side, a big, rambling house of planed boards, with wide rooms and oiled hardwood floors. It sat on the crest of a hill among a grove of batonutts, and near it stood the stables and kennels, famous far and near.

A very instructive bulletin entitled "Tree Planting on the Prairies" is issued by the Forestry Branch.

The Other Side.

First Infant—I have a terrible time with my parents.

Second Infant—So do I. Isn't it disagreeable when they want to have their own way?—Judge.

Just a minute, please!

Let's get right down to cases.

With cases.

OPEN up an Ingersoll Maple Leaf; you'll see a busy little time-keeping plant in operation, happily, smoothly, accurately functioning—every little movement with a meaning of all its own.

Now look the Maple Leaf in the face—it's an honest face and a truthful face. And you can believe what you see there.

After all, the primary purpose of a watch is to keep time. The Ingersoll keeps time and does it under conditions that would send any other watch to the repairer's.

And its sturdiness, dependability, and cheapness aren't obtained at the cost of appearance. The Maple Leaf is really a good-looker.

## Cure That Cough Today— —Without Medicine

Easily Done By Breathing In the  
Healing Fumes of  
Catarrhoxone.

No medicine brings such prompt relief, exerts such an invigorating influence, or so thoroughly and speedily cures throat troubles as "Catarrhoxone." Doctors, hospitals, sanitarians—all say that for those who suffer from changeable weather, for those who are predisposed to catarrh, lung trouble, deafness, or bronchitis, no treatment is so indispensable as "Catarrhoxone."

For certain cure, for relief in an hour, use Catarrhoxone, the only direct, breathable medicine. Two months' treatment guaranteed, price \$1; smaller size 50c, sample size 25c, all dealers everywhere.

Tree Planting on  
The Prairies

Properly Prepared Soil is a Strict  
Essential

Despite the extensive publicity which has been given to the advantages of planting shelter-belts on the prairies, and to the assistance offered by the Dominion Forestry Branch to farmers who wish to establish them, there is still misapprehension as to the methods to be followed.

The Forestry Branch distributes annually, free of charge, about 5,000,000 trees and cuttings. Each applicant is given sufficient trees to plant about half an acre annually if he follows the methods which experience has shown to be necessary for success.

When planting a shelter-belt, care should be taken to so locate it that it will protect the home and stock from prevailing winds. Sufficient space should be left between the shelter-belt and the buildings to keep snow from drifting around the buildings and to give room for a lawn and garden.

Many failures have resulted from planting on soil not properly prepared, and, to insure as far as possible the success of the trees sent out, the Forestry Branch stipulates that the land be summer-fallowed the year previous to planting. In order that the planters may have the benefit of personal instruction, inspectors of the Forestry Branch visit each applicant before the trees are furnished.

To secure trees for planting in the spring of 1921 it is necessary that application be made before March 1, 1921, to the Forest Nursery Station, Indian Head, Sask.

A very instructive bulletin entitled "Tree Planting on the Prairies" is issued by the Forestry Branch.

## Agricultural Progress Of Saskatchewan

Stands First in the Number of Horses  
Owned.

While grain growing, and especially wheat growing, constitutes still the mainstay of agricultural industry in Saskatchewan, other branches of farming have not been overlooked.

The raising of livestock especially has shown a remarkable development during the last few years. Saskatchewan stands today at the head of the list of provinces rated according to the number of horses owned in them, with 1,002,974 head, and third in the list according to the number of cattle owned. Latterly a marked increase in sheep and swine raising is noticeable. Saskatchewan is fourth among the provinces in swine and seventh in sheep.

Constant effort is being made by the government through the livestock branch of the department of agriculture, and by the various breeders' associations in the province, to improve the quantity of the stock grown in Saskatchewan, with eminently satisfactory results beginning to show.

Under the Livestock Purchase and Sales Act, quantities of pure bred sires and grade dairy heifers are obtained by the branch and re-sold annually to farmers on easy terms.

Through the provincial station board, similar efforts are being made to improve the standard of the horses grown in the province.

While cattle raising for the slaughter pens is assuming considerable proportions in the northern part of the province, dairying, as an adjunct to stock raising, occupies a rapidly growing position in the economic life of the whole province. There were four creameries operating in the province when it was established fifty years ago. At the present time there are 42 creameries in active operation in Saskatchewan, and their output is unsurpassed for quality. At the educational butter grading competition held in Montreal this year, Saskatchewan butter received the highest score in the May and July seasons, and fell just below it in the June scoring. At the provincial exhibition held in Regina this summer, a branch of the Saskatchewan Co-operative Creameries, Ltd., carried off the trophy for the best creamery butter, against entries from three other provinces.

## Prince Rupert Reduces Debt

Coast Town Had Surplus on Civic  
Financing Last Year.

The city of Prince Rupert, B.C., reduced its debt last year by \$32,269, it is shown in the corporation's annual statement now issued. This reduction left the total bonded indebtedness of the city on December 31, 1919, at \$1,609,223. The sinking fund was intact, and fully paid in at that date.

There was a deficit for the year on general revenue account of \$19,382, but to offset this profit was earned by the various utilities amounting to \$26,861. The city thus had a net surplus for the year of \$7,478, which was not enough, however, to pay the exchange on a payment of \$80,352 due on the city's bonds, and payable in New York on April 1, 1920.

Extra levied for general purposes during the year amounted to \$175,697, as compared with \$154,594 in 1918. Local improvement levies amounted to \$59,186. Total collections, including arrears, were considerably over the sum of these two amounts, and undistributed taxes at the end of the year were reduced from \$196,250 to \$172,742, which includes both general and local improvement taxes.

The Australian water lizard, which is three or four feet in length, walks upright on its hind legs when traversing long distances on land.

Envy is the drippings from the engine of success.

White is not  
a Color

It is the combination of the colors of the rainbow, and it is what remains when color has been eliminated.

But there is a maximum degree of whiteness. In the washing of clothes, this was achieved a century ago.

KEEN'S  
OXFORD BLUE

In the years that have followed, everything has been done to maintain the quality. KEEN'S OXFORD BLUE produces the maximum whiteness that the stain today.

Wherever clothes are washed it is still the standard of excellence.

due on the city's bonds, and payable in New York on April 1, 1920.

Extra levied for general purposes during the year amounted to \$175,697, as compared with \$154,594 in 1918. Local improvement levies amounted to \$59,186. Total collections, including arrears, were considerably over the sum of these two amounts, and undistributed taxes at the end of the year were reduced from \$196,250 to \$172,742, which includes both general and local improvement taxes.

The Australian water lizard, which is three or four feet in length, walks upright on its hind legs when traversing long distances on land.

Envy is the drippings from the engine of success.

White is not  
a Color

It is the combination of the colors of the rainbow, and it is what remains when color has been eliminated.

But there is a maximum degree of whiteness. In the washing of clothes, this was achieved a century ago.

KEEN'S  
OXFORD BLUE

In the years that have followed, everything has been done to maintain the quality. KEEN'S OXFORD BLUE produces the maximum whiteness that the stain today.

Wherever clothes are washed it is still the standard of excellence.

### Exhibit of Paper Clothing

Garments are Cheap and Declared to Be Washable.  
Paper clothing and other articles made in Austrian factories were placed on exhibition in Washington by the Department of Commerce. Later the exhibit will be offered to clothing and other interested manufacturers for exhibition.  
The exhibit includes workmen's suits, a table cover, collars and cuffs, a laundry bag, and wall decoration. One paper suit is quoted at 12 cents, or about 15 cents in United States currency, while another sells for 120 cents, or about 55 cents. In the exhibit is also a suit made of 40 per cent. paper, which in Austria sells at 575 cents, or about \$25 in American money at the present rate of exchange. According to officials of the department the garments are washable.

**The Beauty of a Clear Skin.**  
The condition of the liver regulates the condition of the blood. A disordered liver causes impurities in the blood and these show themselves in blemishes on the skin. "Ezorel's Vegetable Pills" in acting upon the liver act upon the blood and a clear, healthy skin will follow intelligent use of this standard medicine. Ladies, who will fully appreciate this prime quality of the pills, can use them with the certainty that the effect will be most gratifying.

**Growing Northward.**  
The Canadian Customs Department is going to establish a station at Port Burwell, Hudson Bay. A steamer recently left Halifax, N.S., with police and Customs Officers. They intend to remain at Port Burwell for two years after their arrival.

### Will Morning Never Come

DOES this illustration picture your experience?  
What is more distressing than being unable to sleep?  
Sleeplessness is one of the first and most certain symptoms of exhausted nerves.

This is the warning that you need the assistance of Dr. Chase's Nerve Food to restore vigor to the nerve cells and thereby avoid the development of various nervous troubles.

By improving the quality of the blood and building up the nervous system this food cure brings new energy and strength to the whole body.

Dr. Chase's Nerve Food  
50 cents a box, 6 for \$2.75. All druggists, or Eaton's, Bata's & Co., Ltd., Toronto.

### The Curriculum

Superfluous Studies that Could Profitably be Dispensed With.  
"Some day a daring creature will arise and thrust a number of school studies into the waste basket. It has been said that a school or college education simply teaches the art of reading or writing. There are superfluous studies; there are subjects indifferently and desparingly pursued which will never be worth a brass farthing in the after life. But authoritative persons are wedded to the conventional curriculum; and it will need tremendous daring on the part of this forthcoming iconoclast to eliminate the things that are worthless, and give prominence to those which are close to life and effort."—Montreal Gazette.

### Wives and Mothers Need Not Have Sore Backaches

Constantly on their feet, attending to the wants of a large and exciting family, women often break down with nervous exhaustion.  
In the stores, factories and on a farm are weak, ailing women, dragged down with torturing backache and bearing down pains.  
Such suffering isn't natural but it's dangerous, because due to diseased kidneys.  
The dizziness, insomnia and other symptoms of kidney complaint can catch themselves. They require the assistance of Dr. Hamilton's Pills. Which go direct to the seat of the trouble.  
To give vitality and power to the kidneys, to lend aid to the bladder and liver, to free the blood of poisons, and to obtainable direct from banks and money order post offices.  
Minard's Liniment for sale everywhere.  
Apple Crop in Quebec.  
It is estimated that the apple crop this year in the Province of Quebec will total 100,000 barrels, or more than 25 per cent. increase over last year's production. The quality of the crop has never been better.

### The House Shortage

**Will "Build Now" Settle the Housing Problem?**  
The housing situation, while of a general nature, is really a personal and individual matter, and one upon which the man who is up against it must first and eventually decide.  
The present house shortage has many causes. Chief among those is the permanent resident who is renting a home, who has no right to call for his own and who must add to the general fury of finding a place to live in along with the man who has just arrived in the city.  
The permanent resident. The one who calls this his "home town" and who makes a community pride in the district in which he lives—yet rents his home—pays out each month his hard earned money—he is the man who is not adding to the community welfare or making himself a worthy citizen—he's losing out on the greatest fundamental of citizenship—ownership.  
The housing problem is therefore very much of an individual matter and resolves itself to your own condition and desires.  
"Build Now" will certainly settle your own particular housing problem for all time. It will give you a better standing in the community and is so much more economical.  
What is meant by "Build Now"? It is a slogan that every lumber dealer throughout the country has taken up and has prepared himself with plans, working drawings and full particulars relative to building a house and Building Now.

### The Best Farm Magnet

In an interesting article on the farm labor shortage, H. G. Weaver says:  
"The way to keep the boy on the farm is not to try to keep him there at all. The thing to do is to make him like the farm, and the only way to make him like the farm is to make the farm likeable and then prove to him that it is likeable. After that's been done you needn't worry about keeping him there—you couldn't pull him away."

Quite true. "But," asks one, "how are we going to make the farm likeable?" Principally by making it profitable. Once farming is put on a business basis, once out farmers' organizations take the speculation and the fluctuation out of the markets for farm products, we will not have to worry about keeping the boys on the farm.

**Saskatchewan's Building.**  
The value of new construction actually started in the province during August was \$1,448,938, as compared with \$1,816,446 during July. Total construction totals \$178,638, and franc \$128,000.

### Miss Vanity is Very Old

Ancient Egyptians Extravagant in the Matter of Toilet Requisites.  
The Egyptian belle of 5000 B.C. was no less extravagant in the matter of toilet requisites than is the beauty of today. She required among other things, a long stone palette with a hollow in the centre, in which to mix her green eye-paint. This palette also held a very delicate jar-shell, wherein she mixed the paint with the necessary 'grease' for softening her eyelashes; ivory hair-pins which rivaled in length the hat-pins of the present day, and quaint ivory combs. All these articles were shown, at an exhibition in London of the trophies dug up by the members of the Egypt exploration fund. There was also a small red clay of a face, with green paint bringing the eyes into extraordinary prominence.  
The housewife of seven thousand years ago had household-goods similar to those of the housewife of today. She had copper pans and strainers, stone blades, wooden bowls and copper mirrors, and to decorate her home she gathered alabaster vases and painted pottery vases.

**Demand for New Saving Certificate.**  
Seven months' sales of new form of savings certificates total two and a half million dollars. The certificates, which replace the war certificates, are issued in denominations of \$5 and up, yield the investor 1.2 1/2 per cent. interest and are obtainable direct from banks and money order post offices.

### Minard's Liniment for sale everywhere.

It is estimated that the apple crop this year in the Province of Quebec will total 100,000 barrels, or more than 25 per cent. increase over last year's production. The quality of the crop has never been better.

### THE TREASURE OF GOOD HEALTH

**Easily Maintained Through the Use of Dr. Williams' Pink Pills.**  
There is not a nook or corner in Canada, in the cities, the towns, the villages, on the farms and in the mines and lumber camps, where Dr. Williams' Pink Pills have not been taken by one end of the country to the other. They have brought back to bread-winners, their wives and families the splendid treasure of new health and strength.  
You have only to ask your neighbors, and they can tell you of some of the men who have been shattered by some suffering woman, ailing youth, or anemic girl who owes present health and strength to Dr. Williams' Pink Pills. For more than a quarter of a century these pills have been known not only in Canada, but throughout all the world as a reliable tonic, blood-making medicine.  
The wonderful success of Dr. Williams' Pink Pills is due to the fact that they go right to the root of the diseases in the blood, and by making the vital fluid rich and red strengthen every organ and every nerve, thus driving out disease and pain, and making weak, despondent people bright, active and strong. Mr. W. T. Johnson, one of the best known and most highly esteemed men in Lunenburg county, N.S., says: "I am a Provincial Land Surveyor, and an exposed for the time past of the year to very hard work travelling through the forests by day and camping out by night, and I find the only thing that will keep me up to the mark is Dr. Williams' Pink Pills. When I leave home for a trip in the woods, I am as interested in having my supply of pills as provisions, and on such occasions, I take them regularly. The result is I am always fit. I never take cold, and can digest all kinds of food such as we have to put up with hastily cooked in the woods. Having proved the value of Dr. Williams' Pink Pills, as a tonic and health-builder, I am never without them, and I lose no opportunity in recommending them to weak people who I meet."

### Millions For Implements.

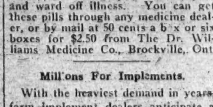

With the heaviest demand in years, farm implement dealers anticipate a shortage soon. During the year \$6,000,000 worth of implements have been sold in the province.

### Some wise old saws have lost their teeth.

**Your Granulated Eyelids.**  
Eyes inflamed by cold, sun, dust and wind quickly relieved by Marlin Eye Remedy. Just Eye Comfort. At Your Druggist or by mail 60c per Bottle. For Best Eye Remedy Write New Marlin Eye Remedy Co., Chicago.

### OH! EACH DAY A LITTLE MORE

Hurry! Let "Danderine" save your hair and double its beauty

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Help your hair grow long, thick and become soft, glossy and abundant.

W. N. U. 134

## HOME-MADE BREAD

Home bread-making reduces the high cost of living by lessening the amount of expensive meats required to supply the necessary nourishment to the body. The increased nutritious value of bread made in the home with

## ROYAL YEAST CAKES

should be sufficient incentive to the thoughtful housewife to give this important food item the attention to which it is justly entitled. Bread made with Royal Yeast will keep fresh and moist longer than that made with any other.

Made in Canada

### Alberta Coal Industry.

Proof of the development of the Alberta coal industry is provided by official figures recently published showing production during first six months. To the end of June the output was three million forty thousand tons compared with two million sixty-nine thousand tons for the corresponding period last year. Figures include bituminous and lignite products. Operators state more coal has been marketed than in any other corresponding period in the history of coal production in Alberta.

### Miller's Worm Powders are par excellence the medicine for children who are found suffering from the ravages of worms.

They immediately affect the stomachic conditions under which the worms subsist and drive them from the system, and, at the same time, they are tonic in their effect upon the digestive organs, restoring them to healthful operation and ensuring immunity from further disorders from such a cause.

### Fortunes in Fish.

It is estimated that the salmon pack in British Columbia will be worth \$12,000,000 this year. The runs have been particularly good in the Fraser River and in the rivers of the Northern part of the Province.

### PLES

This is to certify that I have used MINARD'S LINIMENT in my family for years and consider it the best liniment on the market. I have found it excellent for rheumatism.

(Signed) W. S. PINTO, "Woodlands," Middleton, N. S.

### Big Jump in Revenue.

The total revenue of Canada in August, 1919, it is expected, the total revenue for the fiscal year will be \$150,000,000, compared with \$58,900,000 in the previous twelve months.

### Importance of Flax.

In 1914 thirteen mills for retting and scutching flax were in operation in Canada; at present there are sixty-two in Ontario and Quebec. The most important development has taken place in Western Ontario. In 1919 there were 2,400 tons produced worth \$5,000,000, or with the seed \$6,000,000. This does not include the flax seed grown in the Canadian West, where up to the present time flax straw has not been utilized. It has now been demonstrated that in Canada a fibre of most desirable quality can be grown.

### Western Hail Losses

**Association Levies Excess Rate of Twelve Cents Per Acre.**  
The total hail loss incurred by the Saskatchewan Municipal Hail Insurance Association so far this year has been \$703,000. The directors have decided to levy an excess rate of 12 cents per acre on seeded acreage in addition to the four cent flat rate paid by the farmers and speculators. This excess crop acreage is a great improvement over last year, when a 22 cent levy had to be imposed. The heaviest hail losses this year were during the storm of August 4.

### Can Display Flag.

The German flag may again be displayed from public buildings and carried in parades on special occasions, in all the Rhineland, except the American area. Under the High Commissioner's order Germans must obtain a permit for each display. Major-General Henry A. Allen has not approved the order for the American area because the armistice status still exists there.

### PLES

Do not suffer another day with rheumatism, neuralgia, sciatica, etc. Dr. Chase's Ointment will relieve you at once. It is a powerful remedy for all these ailments, and is guaranteed to give you permanent relief. Write today for a free trial bottle. It is a small bottle and costs only 25 cents. Stamp to pay postage.

### Not A Blemish

Not a blemish on the perfect appearance of her complexion. Permanent skin troubles are effectively concealed. Reduces unsightly skin color and corrects greasy skin. Highly antiseptic, used with beneficial results in a cure against acne for 70 years.

## Of Local and General Interest

Buy a season ticket for Coleman Chautauqua. Starts on Wednesday next.

Don't forget—next Thursday is the night for "Very Good, Eddie." It's a scream. You'll enjoy it at the Blairmore Opera House.

P. M. Christophers has returned from a visit to labor camps in Manitoba and Ontario.

Dr. and Mrs. G. Lillis have returned from an extended auto tour through eastern States and Canada.

A football game will be played on Blairmore grounds Saturday afternoon between Blairmore and Coleman. Kick-off about 4 p.m.

"Very Good, Eddie," a side-splitting comedy in three acts, will be presented at the Blairmore opera-house next Thursday night by a cast of Coleman talent, assisted by Sarah Gibney and William Springer.

Rod McDonald was digging in a pit some eight feet below the surface level the other day. When asked by a by-stander what he was digging for, he replied "To find an O. B. U. check-off!"

Calgary, that pattern town to the north of us, has been competing closely with the Crows' Nest Pass in the matter of crime lately. Maybe, Calgary is determined not to be outdone. Anyway, the Pass is not worrying so the source of the crime is held within the confines of Calgary.

Word has been received from the military A. D. C. of the governor-general, stating that the recent bereavement in the family will not interfere with the arrangements made for the Duke's visit to Blairmore, and that His Excellency will be here all day of October 11th.

Mrs. Stitt has relinquished management of the local telephone exchange and leaves this week and for Calgary, where she will reside in future. Her permanent successor has not yet been named.

Two pretty girls met in the post office and kissed each other rapturously. Two young men watched the meeting.

"There's another of those things I hate," said one.  
"What's that?" asked his friend.  
"Women doing men's work."

### Hillcrest Happenings

(By Felix)

T. Longworth, president of the G.W.V.A., Lethbridge, was a visitor here last Wednesday.

Mrs. Herchmer has returned to Macville, B. C. after a pleasant visit with her brother, J. Dudley, here.

Mrs. Jack Delicate returned Tuesday morning from the Old Country and reports having had a good time.

We regret to report the serious illness of Mr. H. McVicar, our popular coal inspector, who is suffering from pneumonia.

Pearl Valley will soon be quite a town in itself. Houses are going up, and several fine mansions are now nearing completion.

Local folks who make frequent shopping visits to Blairmore, complain of inattention of storekeepers to them when in a hurry to get through.

Mr. and Mrs. George Cruickshank have returned from their holiday trip. George is looking much improved as a result of the few months lay-off.

The question has been asked: "Why not rush the curling rink to be flooded for ice for skating?" Other towns seem to have the lead on Hillcrest in this respect and there is need for action.

The Trans Canada Nos 7 and 8 and the Soo Pacific express Nos 13 and 14 will be discontinued after the 2nd of October.

Another strange thing is how a girl can see a pimple on her back when she can't see that she has too much paint on her face.

S. Knappman has secured a lease of the house property at the corner of State Street and Sixth Avenue and will move his family here from Lethbridge.

Robert Prentice left this week for Rochester, where he will seek special treatment. He was accompanied thither by Miss S. Bonner.

A branch of the I.O.D.E. was organized by Mrs. Saunders in Blairmore on Wednesday afternoon with a large membership. In the absence of a goat, a blind pig was used for the initiation ceremony. Towards the finish the poor "pig" remarked: "Gee, I'm sure glad Alberta went dry!"

The scarcity and high price on both wood and coal have directed attention to the sunflower as a possible source of good fuel. Land that is too poor to produce other crops will produce sunflowers. An acre of land will produce about three cords of stalks, some of which will be two or three inches in diameter. The seeds make excellent food for cattle and hens or can be ground for oil.

The work of constructing concrete sidewalks on Victoria Street is nearing completion and very much it proves the appearance of our main thoroughfare, as well as making it far more pleasant and comfortable for pedestrians. The action of the town council in deciding to do away with the old plank walks and to install a substitute that may not require repairs for a great number of years is commendable. Nothing has ever enhanced the appearance of the town or made the Hub of the Pass more inviting to the outsider than the recent improvements to Victoria Street.

The smoker given last week end by Emperor Plick was largely attended and a success. A splendid programme was rendered, including speeches, songs, acrobatic stunts, etc. The Blairmore band was in attendance and furnished popular music. The menu consisted of 160 gallons of beer, 100 pounds of cheese, thirty-six loaves of bread and a dozen boxes of cigars and other smokes. At the close a vote of thanks was tendered the emperor and different actors, and to the waitresses who left no "mug" idle.

Jack McPhail, master mechanic and spiritual adviser for the West Canadian Collieries, is the latest to take a notion. Jack has joined the Association for the Prevention of cruelty to Animals and has just named his good intentions by taking unto himself a new "helpmeet" in the person of a lady whose initials are "E.M.F." Jack says she's some girl—she's different. She has consented to go wherever Jack goes and to fall by the wayside when her better half wishes to fall. Her anatomy is very different from the other girls. She never wears talcum powder, but instead faces trouble with a fan and horn that's propelled by real gas and don't care a darn for anybody. Jack hopes soon to come out in public and will jazz around just so long as gasoline can be bought for less than a dollar. A casual observer felt like remarking the other day that the fact of members of the school board being in possession of automobiles would lead one to believe that graft was being practised somewhere.

The convention of the Alberta Union of Municipalities will be held at Lethbridge November 9th and 10th.

A grand dance will be given by the Coleman Italian Society in their hall on the night of October 15th.

Colin Harris, seven-year-old son of Frederick Harris, was killed instantly in an elevator in the Alberta block, Calgary. The elevator was being operated by minors.

"When does a pup become of age?" This question was raised before Tulsa, Okla., city commissioners. "A pup's a pup until he reaches the age of four months—then he's capable of looking after himself," was the decision.

"Very Good Eddie," a side-splitting comedy in four acts, with Sarah Gibney, William Springer and a Coleman cast of local talent at the Blairmore opera house, Thursday, October 7th.

### Declaration of Dissolution of Partnership

PROVINCE OF ALBERTA  
I, JOE WEYCHONG of the Town of Blairmore in the Province of Alberta, formerly a member of the firm of Chow Low, Kong Hing and Joe Wey Chong, carrying on business as restaurant keepers at the Town of Blairmore, under the style of "Club Cafe," do hereby certify that the said partnership was, on the 20th day of September, 1929, dissolved.

WITNESS my hand at the Town of Blairmore, the 20th day of September, one thousand nine hundred and twenty.

JOE WEYCHONG.

### Working Up To It

Doris: "Is Mr. Hansen courting you?" Alice: "Not exactly yet. But he is approaching it step by step. When he first called he sat all the evening with a postcard album in his lap. Next time he sat with my poodle in his lap. Next time took my little brother in his lap. So you see I hope it will soon be my turn."

Carry your Fire, Life and Accident Insurance in the most reliable insurance companies, for which we have the agency. Get our rates, etc.

Houses and Lots for Sale.

Dick Harrison and family were down from Michie on Tuesday of this week.

Operators of Ford cars, who anticipate trying by the wayside, have added a large jug to the car's equipment. The reason given is that prohibition does not allow the carrying of a supply of liquid refreshment, so it is necessary to dig it up by the jugful from caches.

"Very Good Eddie," a side-splitting comedy in four acts, with Sarah Gibney, William Springer and a Coleman cast of local talent at the Blairmore opera house, Thursday, October 7th.
